

IMPORTANT NOTICE IN 018/18

LEVEL 1 & 2 ACCREDITED SERVICE PROVIDERS INSTALLATION OF TIGER TAILS (TARAPOLI PIPES)

The installation of tiger tails on Endeavour Energy's network is not a contestable service and must not be undertaken by ASPs, unless associated with the management of the safety of workers performing connection works or contestable asset relocations. The ASP Scheme Rules do not identify the installation of tiger tails or safety equipment as a contestable service that can be provided by ASPs.

The WorkCover Code of Practice - Work Near Overhead Power Lines identifies tiger tails as a worksite safety management control that makes the hazard of overhead powerlines visible. ISSC32 - Guide for Network Operators to Provide Information to the Construction Industry for Working near Overhead Power Lines supports the Code of Practice, and provides advice for Network Operators in supplying information related to the hazards of working near overhead powerlines including the supply and installation of tiger tails by the Network Operator.

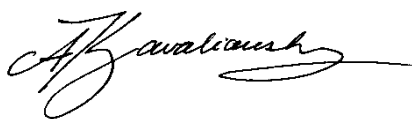

Parties requiring such services, which may include the installation of tiger tails should contact Endeavour Energy's enquiry line on 133 718 or email construction.works@endeavourenergy.com.au

The installation of tiger tails involves greater assessment of network condition and structure loading. After installation, tiger tails need to be inspected, and may need to be adjusted to maintain the safety of the site and network. Tiger tails also have a limited life, and will need to be periodically replaced if they are to be left in place for an extended period of time.

The Australian Energy Regulatory (The AER) has determined that the provision of tiger tails is a regulated activity in NSW, and has established an alternative control service (ACS) charge associated with this activity. Endeavour Energy will install tiger tails at the request of a customer, and will charge a regulated ancillary network service fee associated with this request.

The fee for 2017/18 is provided in [Endeavour Energy's 2017-18 Price List](#).

Fee Category	Driver	Fee Type	Fee (excl. GST)
Fitting of Tiger Tails (Labour)	Per Hour	Quote	\$145.55
Fitting of Tiger Tails (Material) – Weekly Hire	Per Tiger Tail	Quote	\$5.26
